WASHINGTON NEWS.

The Senate Passes the Army Bill With Amendments.

CLAIMS OF CRAMPS.

The Bill Aggregates \$1,367,244 and Is for Damages in Delay of the Government to Furnish Armor Plate for Ships.

Washington, Jan. 19.—Just before 6 o'clock yesterday evening the senate finally disposed of the army reorganization bill. The measure having originated in the senate the final questions was not upon its passage, but upon agreeing to the senate amendments. They were agreed to by a vote of 43 to 23. While the party lines were drawn on the measure, four Democrats voted for it. Senators Lindsay of Kentucky, McLaurin of South Carolina, Morgan of Alabama and Sullivan of Mississippi. Senator Hoar was paired against the bill with Senator Spooner of Wisconsin.

A determined effort was made to amend the bill so as to provide against sale of liquor in the Philippines and to prohibit the importation of any kind of intoxicants into the islands, but it was defeated.

A noted speech was delivered during the day by Mr. Hale of Maine, who, while opposing the increase in the strength of the army stated cogently his reasons for supporting the bill.

The House.

Washington, Jan. 19.—The house spent all of yesterday on the bill to refer to the court of claims the claims of the William Cramp & Sons Shipbuilding company of Philadelphia, for damages into the delay of the government in furnishing armor plate and material for the battleships Massachusetts and Indiana and the cruisers New York and Columbia. The claims aggregate \$1,367,244.

The bill has been conspicuous at every session for several years. It met with strenuous efforts and determined opposition of the minority under the leadership of Mr. McDermott of New Jersey and Mr. Robb of Missouri. A filibuster was finally begun, but its advocates at length succeeded in having the previous question ordered upon the bill. The house then adjourned.

The ordering of the previous question gives the bill a tactical advantage in a parliamentary way which practically insures a vote upon it whenever it is called up again.

Vote on the Canal Bill.

Washington, Jan. 19.—The Republican senators have decided not to set a day, at least for the present, for taking up the Nicaraguan canal bill. The decision was reached after an hour and a half spent in caucuses and was unanimous. The caucus was called largely because of Senator Morgan's importunities in behalf of the bill and an earnest effort was made to effect a satisfactory solution of the problem. There was a general exchange of views and many speeches were made, but after all had been said the senators concluded that so long as Great Britain's attitude toward the amendments to the Hay-Pauncefote treaty is undefined it would not be wise or expedient to agitate the question of the construction of the proposed canal.

Scorpion Will Remain.

Washington, Jan. 19.—The orders to the Scorpion to proceed from Lagayara to Guanaeo have been countermanded and she will remain at Lagayara where her presence is regarded as necessary.

By direction of the state department Minister Loomis has protested to the Venezuelan government against the exercise of censorship over any of his official communications and it is understood the protest has been effective.

Navy department officials deny that any instructions have been given to the North Atlantic squadron to move over from Florida to Venezuela. The ships, however, are in perfect cruising trim and could sail within a few hours after the receipt of the orders.

State Grand Lodge.

Dallas, Jan. 19.—The annual meeting of the state grand lodge of the Independent Order of Odd Fellows will be held in Dallas, commencing Feb. 4 and continuing one week. There are about 500 members in this body, and it is believed that nearly all of them will attend. Committees have been appointed to arrange for their entertainment. Ed. C. Smith, chairman of the committee on transportation, says that a favorable round trip rate has been secured from all the roads entering Dallas.

Rate to Confederate Reunion.

Memphis, Jan. 19.—At a meeting of the general passenger agents of Memphis terminal lines it was recommended that for the occasion of the United Confederate Veterans reunion to be held in this city May 28, 29 and 30, a rate of cent a mile to and from Memphis to be made. For distances greater than 200

miles tickets will be placed on sale May 25, 26 and 27, and for distances less than 200 miles the dates of sales to be the 28, 29 and 30, good returning June 4.

Drank Concentrated Lye.

Waxahachie, Tex., Jan. 19.—The 9-year-old child of Mr. Parish living four miles west of this place, drank almost an entire can of concentrated lye. Physicians were hastily summoned and medical attention given, but hopes of its recovery are doubtful.

CUBAN CONSTITUTION.

It Is Being Hurried to Try and Get Congress to Ratify.

Washington, Jan. 19.—The report from Havana that the Cuban constitution may be completed in time to be considered at this session of congress has led to the discussion in congressional circles as to the procedure likely to be adopted on a document of this character. It is expected that the constitution will be forwarded to the president and by him submitted to congress, probably with recommendations. In the understanding prevails that any action on the subject must be framed by the insular committee. But it is not clear what action if any is called for relative to the constitution of what is held to be foreign territory, except as it contains provisions regarding the United States.

Chairman Cooper of the insular committee, says it will not be for congress to pass upon or ratify a constitution as it is for Cubans to do this for themselves. He thinks it probable, however, that a declaratory resolution could be framed, expressing the views of congress as to the sufficiency of the constitution in ensuring a stable and pacific government for Cuba and perhaps laying down a general plan turning over the island affairs to Cubans as soon as their constitutional systems are put into practice. In this, however, the purpose would not be so much to pass on a constitution as to see that the United States pledges of the pacific government were carried out.

In case the constitution provides for American protectorate or give other provisions relating to the United States, special action might be required beyond a mere resolution approving the system proposed.

Chairman Knox of the committee on territories expresses the belief that there will not be the slightest chance of advancing the constitution so it can be considered at this session of congress, and he expects the Fabian policy by which the Cubans will slowly perfect their system and the United States will gradually determine upon the ultimate relations which are to exist between this country and Cuba.

TO PARTITION BOLIVIA.

Chili Submits Such a Proposition, but Is Turned Down by Peru.

Washington, Jan. 19.—Information has been received in an official quarter in Washington that Chili recently submitted the astounding proposition to four other South American governments that Bolivia be partitioned between them.

This proposition was promptly rejected by Peru and the Lima government, as a further sign of its displeasure, has requested the Chilean government to recall its minister, Custodio Vicuna. The attitude of Brazil, Argentine and Paraguay cannot be learned, but there is no expectation, in view of the determined refusal of Peru, that steps will be taken in line with the Chilean proposal.

Bolivia is a weak nation and could not singly resist an attack by the troops of any one of the nations named, with the possible exception of Paraguay, much less the united forces of several governments.

The proposition to partition Bolivia is not the first move Chili has made to estrange Peru and Bolivia. During the war with Chili an envoy was sent to the Bolivian camp for the purpose of inducing President Laza to abandon his Peruvian ally, but the attempt was unsuccessful.

It is believed here that Chili's proposition to partition Bolivia is due to her desire to end the alliance existing between that country and Peru, in order, it is said, that she may formally take possession of the provinces of Tacna and Arica.

Pension Claims Lost.

Washington, Jan. 19.—More than 80,000 pension claims in the office of Milo B. Stevens & Co., were destroyed in the fire Friday night. Many of the papers were to be used as evidence in attempting to secure favorable action by the pension office on claims and cannot be replaced. In addition to the pension claims there were destroyed thousands of claims pending before the treasury department and patent office. In these the loss will fall upon the claimants.

Ordered His Bride by Wire.

Ramsay, Ill., Jan. 19.—George Weller of this place advertised for a wife, and among the numerous responses was one from Miss Anna Wagner of St. Louis. Weller thought the young lady would fill the bill and telegraphed her to come at once. She arrived Tuesday morning and the happy couple departed on the 11 o'clock train for Vandalia.

Wichita, Kas., Jan. 19.—A dispatch received here Friday night giving meager details of the holding up of the Bank of Bristow, I. T., by outlaws, states that the president of the bank was shot five times and mortally wounded. The robbers got away with the bank's cash, but a posse is in pursuit.

A War Veteran Dead.

New York, Jan. 19.—General Andrew Jackson MacKay, a veteran of the civil war, died after a few days' illness in this city. He was quartermaster general on the staff of General W. Thomas, who commanded the army of the Cumberland. He possessed a ranch in Texas until the war began.

STATE COMMERCIAL ASSOCIATION.

Importance of the Meeting to be Held in
Austin Jan. 25—Topics for Discussion.

There is every indication that
the meeting to be held at Austin
January 25th to organize a State
commercial association will be one
of the most important and fruitful
conventions ever held in the state.
The correspondence had with the
commercial organizations of the
various cities and towns leaves no
room for doubt that deep interest
is felt throughout the state in the
effort, and much thought is being
given to the questions that will
come up for consideration and ac-
tion at the Austin meeting. Among
the topics which have been sug-
gested by the various correspond-
ents as inviting discussion are the
following:

The organization and manage-
ment of progressive commercial or-
ganizations.

Closer union of our towns and
cities.

The importance of commercial
organization in the up-building of
cities.

Are high interest rates beneficial
to the commercial and manufac-
turing interests of the state.

The value of co-operation and
the necessity of giving up personal
interests for the general good—in-
dividuals for the good of the town,
the towns for the good of the state.

The relations of the state to the
business interests, and the duty of
fostering and protecting rather
than burdening and discouraging
them.

Representation at the Pan-Amer-
ican Exposition at Buffalo this
year and at St. Louis in 1903.

The importance of holding a
Constitutional convention to
amend the State constitution.

Existing laws inimical to the
healthy development of the com-
mercial interests of the state.

Methods of securing funds to
carry on the work of commercial
organizations.

Desirability of re-establishing
and supporting the Geological De-
partment.

The importance of provision for
industrial education.

Hon. J. L. Fountain, represen-
tative of the Fifty fifth district,
has been elected to represent the
Bryan Business League at the
meeting.

In the fight for the location of
the Girls' Industrial school at Col-
lege Station, Bryan is armed with
all the advantages which can pos-
sibly be urged by any other point
in the state, and in addition is
able to show that the saving to the
state in establishing and maintain-
ing the school in connection with
the College would be something
perpetual and enormous. If econ-
omy is considered in connection
with other advantages, it would
seem that Bryan is sure to win.

Important Notice.

After Jan. 31 the law requires
10 per cent penalty to be added to
all uncollected taxes. Don't be

THE MODERN CLUB WOMAN.

WHAT THE TEXAS FEDERATION OF
WOMEN'S CLUBS PROPOSE FOR
THE YEAR AND CENTURY.

ARE NOT EXACTLY IN POLITICS

But Stand for Some Reforms that Must
Be Consummated by Legislation.

Fort Worth, Jan. 7, 1901.

Dear Club Friends:—In the be-
ginning of this new year of the
new century, it is fitting that we
look well to our resources for
making ourselves and the world
better. The State Federation can
be a means to this end only as the
individual clubs give it strength.

Feeling that even a little time de-
voted to consideration of Federa-
tion matters would arouse a deeper
interest in its plans and possi-
bilities, the Executive Board at its
recent meeting desired the presi-
dent to address a circular letter to
the clubs, requesting each to give
a part of the last meeting in Janu-
ary, or, as near thereafter as con-
venient, to a discussion of the
Year Book and Federation work of
which it is the exponent. It is
recommended that hereafter in
planning their year's work, regu-
lar place be given on the program
for this topic. The Year Books
on hand were ordered distributed
gratuitously among the clubs.
Many clubs will soon be planning
their programs for next year. In
doing this, they are urged to con-
sult the State committees. Those
studying history, either state,
national or foreign, can have the
benefit of courses of study outlined
by the History committee; so also
in Household economics, music,
art and education. Each club is
requested to subscribe for at least
one copy of The Club Woman, of-
ficial organ of the G. F. W. C.,
Atherton street, Egleston square,
Boston, \$1.00—and to purchase
proceedings of the Milwaukee Bi-
ennial, address Mrs. Emma Fox,
21 Bagley Ave., Detroit, Mich.,
price 15 cents; from Mrs. Fox the
G. F. W. C. pin can also be pur-
chased, price 25 cents. Every club
woman in Texas should also order
of Mrs. W. F. Beers, Galveston, a
Texas club pin.

While it is not the desire of Tex-
as club women to "get into poli-
tics," there are matters to the
furtherance of which the Federa-
tion stands pledged, that can only
be consummated by legislation.
These are, the creation of a State
Library Commission, for the en-
couragement of the establishment
of public libraries, commissioners
to be unsalaried; the better pro-
tection, not only of song and game
birds, but those that are slaugh-
tered by the hundreds for their
plumage, used in millinery—a law
prohibiting the killing of such and
the exposure for sale of plumage
which costs the birds' life, coupled
with a fine of not less than \$5 for
every offense, is the only effectual
protection; Industrial Education—
some feasible law making more
practical our public education, es-
pecially for girls. To these I feel
impelled to add, restrictive legisla-
tion controlling the sale of that
deadly drug Cocaine, the growing
and baleful influence of which can
be established in every town in the
state.

When it is reflected that the
husbands, fathers, brothers and
sons, of the club women are the
substantial men of the state, whose
names carry weight, it will be seen
that a potent influence is at our
command. A petition signed by
the men whom we can influence,
presented to the representatives in
each club town, will show rich re-
sults before our present legislature
adjourns. Thus we will work for
the good of the children of Texas;
thus we become a part of the power
that is battling with evil in the
world, making ready for the com-
ing of the Master. Is not this the
highest incentive?

Clubs are requested to act

promptly in the matters above
mentioned. That absent members
and others interested may come in
touch with the efforts of the clubs
it is suggested that this letter be
printed in local papers.

Wishing the year, and so much
of the century as is included in
your "span," may be happy and
useful, I am, Yours fraternally,
Mary Y. Terrell,
President T. F. W. C.

BAILEY EXONERATED.

Committee Finds the Charges Against
Him Not Sustained.

Austin, Jan. 19.—A majority of the
committee gave out the substance of
their report to the house with the state-
ment that Mr. Decker had not approved
the report; that he approves of the re-
port down to the resolutions, and that
he does not approve of the last clause of
the resolutions denouncing the attacks
upon Mr. Bailey. In other words, that
he approves of that part of the report
exonerating Mr. Bailey and state offi-
cials and wants to stop at that. Whether
or not he will file a minority report
is not known.

The resolution reads as follows:
"Resolved, by the house of represent-
atives that we denounce imputations and
insinuations against the integrity of
Hon. J. W. Bailey and our state offi-
cials as the most cruel, vindictive and
unfounded attack ever made upon the
character of a faithful public servant in
Texas."

Committee man Bryan disagrees with
the majority of the committee and Mr.
Decker and will present a report of his
own to the house.

Catholic Mission Building Burned.

Guthrie, C. T., Jan. 19.—News has
reached here of the destruction by fire
on Wednesday night of all of the build-
ings and their contents of the Catholic
mission at Sacred Heart, located in the
southern part of Potawamoc county, 20
miles from a railroad. The fire started
at 12 o'clock from a defective fire.
Nearly all the inmates, numbering some
400 persons, had retired for the night
and nothing was saved but a little fur-
niture. The inmates lost all they had,
many of them escaping in their night
clothes only. No lives were lost. The
only building saved was the convent.
The buildings consisted of a fine church,
college, monastery, dormitory and con-
vent. The church was by far the finest
in the west, especially in the matter of
furnishings. Among other valuables
destroyed was a library of 20,000 vol-
umes, a large number of them being
ancient books from Italy, France and
Spain and other old countries, in vellum
and manuscript, which can not be re-
placed.

Bicentenary Festivities.

Berlin, Jan. 19.—The city Friday was
in gala attire and presented a thorow-
ly holiday appearance on the second day
of the bicentenary festivities. The
bourse, banks, government offices and
courts were all closed and special thank-
sgiving commemorative services were
held in the churches. The historic
quarter between the castle and Branden-
burg gate was densely thronged and
the animation of the scene was increased
by the coming and going of princes and
other notable persons and the marching
of troops. United States Ambassador
White presented to Emperor William
the congratulations of President McKin-
ley on the bicentenary of the coronation
of the first king of Prussia, Frederick I.
The presentation was made during the
court reception.

Workmen Want Back Pay.

Barre, Vt., Jan. 19.—Many granite
cutters and tool sharpeners are taking
action toward pushing their claims for
back pay for work done in the service
of the United States government nearly
30 years ago. The claims arises out of
the building of the Boston and New
York postoffices, the government work
on Dix, Hurricane and Fox islands and
work in navy yards. The claimants
worked 10 hours a day instead of eight,
and they are now trying to collect pay
for extra two hours a day. The navy
yard men got their pay two years ago,
and the other claims have been before
congress three times during the past 20
years.

Lexington, Jan. 18.—Colonel Wil-
liams has returned from Corbin, Ky.,
with his troops, and reports that the
grand jury will at once take up the
cases of the Shotwells and Whites. All
was quiet when the militia departed.

Happy old age

Many women who have enjoyed good
health all their life begin to fade when they
reach the age of forty-four. They grow
nervous and irritable and suffer with sick-
headaches. Their livers are torpid, their
digestion is impaired and their bowels are
irregular. They are experiencing the
"change of life." And it is not strange that
the cessation of the menstrual habit after
thirty years operation should disturb the
system and tax the strongest constitution.
This trying period has no terror for a
woman who uses Wine of Cardui. It builds
up her strength and prepares her for the
 ordeal. When the change of life is not
safely passed, a woman quickly becomes an
invalid. Slumbering disease germs are
given increased activity and they appear in
aggravated form. If you take Wine of
Cardui regularly when approaching the
change of life you will be assured better
health than you have ever enjoyed before.
A happy old age and restful calm will be
your reward. Mrs. Campbell was cured
after suffering three years with "change
of life." Theford's Black-Draught, the
companion medicine of Wine of Cardui,
assimilates with it perfectly, curing
digestive liver and kidney affections,
and throwing impurities and disease
germs out of the system. Both working
together make a well and happy woman.

WINE OF CARDUI

YOUNG, Laurens Co., S. C., Sept. 22, 1899.

I have recommended your Wine of
Cardui and Theford's Black-Draught
to several of my lady friends, and I can say they are what you recommend them
to be. I have been suffering three years with the "change of life," and I did
not get anything that would do me any good until I tried your medicines. I give
thanks to Wine of Cardui and you, for it relieved me. Mrs. D. H. CAMPBELL.

High Five Club.

The home of Judge Henderson was thrown open to the devotees of high five at the last meeting of Mrs. and Miss Henderson together with Mrs. Russell Watkins welcomed the guests. The usual number of games were played, the game being scored with violets and each score card representing a leaf of that flower—a pretty idea and one worthy of our hostess. The prize, a beautiful candleabra, was captured by Mrs. Watkins. After refreshments the club adjourned, to meet with Mrs. George Tabor on next Tuesday. Reporter.

H. J. Putney, the old reliable tuner, after nearly four months of sickness, caused by accident and the great storm, which swept away his buildings and destroyed all his berries and flowers, is again able to resume his work, and will be in Bryan just as soon as he can get that far on his round. Prof. Putney does not ask charity, but if your piano is not too badly out of tune, wait until he comes and you will get good value for your money. d43wit

The ladies of the Cemetery Association request all who visit the cemetery this afternoon to respect the work which has been done by the Association during the past few months. If this work has not been in vain, show your appreciation by attending the Koffee Klatch at the residence of Mrs. Jno. N. Henderson, Wednesday, January 23, from 4 to 10 p. m., to raise more funds to carry out the work. d41

Dr. J. L. Fountain is at home for a visit from Austin. Dr. Fountain says the desire seems general to finish the business of the present term of the legislature within three months if possible, and that an extra session will likely be held for the reappointment of the state. He adds that the law makers are a working set and not disposed to fritter away any time.

Rev. R. L. Broach of Houston will preach at the Methodist church today at 11 a. m., and tonight will deliver an address in line with the work of the American Anti-Saloon League. Subject, "America's Honor dependent upon the Character of America's Manhood." All are cordially invited.

You will be served with refreshments by young ladies in fancy costumes, entertained with a most delightful musical program and enjoy sweet music by the Zehnral orchestra at the Koffee Klatch Wednesday 23rd, from 4 to 10 p. m. Admission, 25c. 40

The main belt at the light plant broke last night and the lights will probably not be on again before Monday night.

For Rent or Sale—The W. M. Foster residence property. Apply to Mrs. W. M. Foster at Mrs. W. H. Webb's. 40

THIRTY YEARS EACH.

Three Men Convicted of the Murder of Jennie Bosschister.

New York, Jan. 19.—Walter C. McAlister, Andrew J. Campbell and William Death, three of the four prisoners indicted for the murder of Jennie Bosschister, a mill girl of Paterson, N. J., who was murdered on the night of Oct. 18 last, have been adjudged guilty of murder in the second degree for which, according to the New Jersey laws the

W. C. McALLISTER.

maximum penalty is 30 years. The jury took 14 ballots.

When the jury filed into the courtroom the prisoners appeared very nervous. McAlister seemed more excited than any of the others. He sat biting his lips. Campbell thrust his hands into his trousers pockets and clinched his fists in them. Death looked anxiously about the courtroom for a moment and then assumed the same attitude as Campbell. When the verdict was announced the prisoners evinced neither elation nor relief.

SOUTH AFRICAN WAR.

Kitchener Continues to Send in British Victories Over Boers.

London, Jan. 19.—General Kitchener continues to give favorable accounts of the British operations and laconic summaries are expanded by the press correspondents. Colonel Grey, with his New Zealanders, have won a signal success over 800 Boers near Ventersburg and Colville's victory on Vlokslaagte road has increased in importance as fresh details are received.

The Boers are meeting with serious losses, especially when they take the offensive and attack British positions and lines. They are not gaining any advantage north of the Orange river where the British campaign has not been interrupted by the invasion of Cape Colony. The raiders have not made progress during the last fortnight and the alarm has subsided at Cape Town, where the truth is perceived that loyalty has been stimulated by the invasion and that the Cape Dutch are now less favorable than they were to the Boers' cause.

It is surmised in military circles that General DeWet and General Botha may unite their forces and attempt to deliver a crushing blow at some point on the line of communication between Johannesburg and Ladysmith. The Boers are persistent and resourceful in carrying on guerrilla warfare under most unfavorable conditions, but the ultimate failure of their supply of ammunition must bring the war to an end.

The response of the yeomanry to a second call to arms continues to be satisfactory. Recruiting is in progress at many points and it is evident that the number of volunteers asked for can easily be doubled. The war office is censured in many quarters for having recourse to half measures which will not produce much impression upon the Boer leaders. The miners seem more anxious to save money than to convince the Boers that England is really in earnest and resolved that the war shall end only in one way.

Postmaster Cannot Resign.

Carlyle, Ills., Jan. 19.—The postoffice department at Washington, has taken action in the case of Theodore Epping, the recreant postmaster at Frogtown, seven miles west of this city. Recently he placed all of the appurtenances of the office there in a cracker box and forwarded the same to Washington by express. Epping was appointed postmaster some four months ago, and became tired of his job after discharging the duties of his office 60 days. He forwarded his resignation to Washington, but it was not accepted. The postoffice department became very indignant over the apparent slight; therefore, all the postoffice paraphernalia was sent to Washington. Since that time Carrier William Rimmer has not been allowed to leave the semi-weekly mail at the Epping residence. The box containing the postoffice outfit was received from Washington by registered mail. The officials have instructed Carrier Rimmer to deliver the box, and also informed the postmaster that he must serve until the office is discontinued.

Y. M. C. A. State Convention.

Waco, Tex., Jan. 19.—The state convention of the Young Men's Christian Association of Texas will meet in this city March 7 to 10 next. Rev. W. M. Lewis, the state secretary, says the programme will be the most interesting in the history of the work in the Lone Star state. Judge Charles A. Boynton, chairman of the committee on arrangements, is preparing for the convention. Among the distinguished citizens in attendance will be Governor Stanley of Kansas, Bishop Kinsolving of Austin, Drs. Anderson and Truett of Dallas, Rev. H. C. Williams of New York and Dr. H. F. Williams of Birmingham.

No Decision.

London, Jan. 19.—The amended Hay-Pauncefote treaty was discussed at a protracted cabinet conference. The secretary of state for foreign affairs, marquis of Lansdowne, has taken no action so far. He is probably waiting the result of the deliberations in a dispatch or in an interview with the United States ambassador, Joseph H. Choate, in a day or so. The exact decision arrived at is guarded with secrecy. An impression exists that the cabinet confined itself to authorizing Lord Lansdowne to have further conferences with Mr. Choate on lines which naturally are not given out.

Surrendered to Sheriff.

Dallas, Jan. 19.—About a year ago a horse and buggy belonging to R. B. Allen, who was then county attorney, were stolen, and although an extra effort was made, the authorities were unable to apprehend the thief. Friday morning a man walked into Sheriff Johnson's office at the courthouse and informed that official that he was guilty of the crime, and asked to be incarcerated in the jail. He was given a "pass" to the jail. Upon presenting it at the door he was admitted and locked in a cell.

Dead and Mutilated.

San Antonio, Jan. 19.—The dead and mutilated body of John Ghinsinger, a well known bartender, was found lying near the Aransas Pass railroad track at the corner of Morales and San Marcos streets Friday morning. The head had been crushed by a number of blows from some heavy instrument and from where the body was found there were blood stains on the street leading to his late residence. The residence had been set on fire, but was extinguished before much damage.

HEALTH OF VICTORIA.

Alarm Is Felt Over the Illness of the Queen at Cowes.

RUMORS UNRELIABLE

The Prince of Wales and Other Relatives Have Gone to the Bedside of the Queen—Reliable News Difficult to Obtain.

London, Jan. 19.—A telegram from Cowes late this afternoon agreed in announcing an improvement in the queen's health, but these reports are somewhat discounted by the fact that the prince of Wales, and Princess Louise, the duchess of Argyll, have gone to Cowes by a special train.

Among the rumors is one that the queen had a paralytic stroke a couple of weeks ago, without undue attention being paid to alarmists, it may, however, be accepted as a fact that official statements in regard to the health of the sovereign are barely so pessimistic as an announcement in court circles.

Sir Francis Henry Laking, surgeon to her majesty who was summoned to Osborne Friday, returned to London in the evening and attended to his professional business during the day returning to Cowes tonight.

Another doubt as to the authenticity of the news from Cowes is the departure of Emperor William from Berlin for Cowes.

During the course of the afternoon sinister rumors commenced to circulate the death of her majesty, but at 5 p. m. Lord Edwards Pelham Clinton, master of the queen's household, telegraphed to Buckingham palace that the queen's condition had been unchanged since noon.

The duke of Connaught has been summoned by telegram from Berlin, where he had been attending the Prussian bicentenary celebration.

The following official report has been given to the public concerning the illness of the queen:

"The queen during the past year has had a great strain upon her powers, which has rather told upon her nervous system. It has, therefore, been thought advisable by her majesty's physician that her majesty should be kept perfectly quiet in the house and should abstain from the present from transacting business."

The illness of Dowager Empress Frederick of Germany, the sudden death of her majesty's old friend, Lady Churchill, the deaths of Grand Duke Frederick of Saxe-Coburg last summer and of Prince Christian Victor, together with the war in South Africa, have been great trials to the queen; but even within a week she has received Lord Roberts and sent a message of condolence to the widow of Dr. Creighton, late bishop of London.

Queen's Condition Alarming.

Osborne, Isle of Wight, Jan. 19.—The following bulletin has been issued by the queen's physicians:

"The queen is suffering from great physical prostration, accompanied by symptoms which cause anxiety."

No Change.

Cowes, Isle of Wight, Jan. 19.—There was no change in her majesty's condition at 5:20 o'clock this afternoon.

According to a local understanding and report the prince of Wales comes to Osborne with the object of practically assuming the regency. He will take over the powers of signing state documents and is expected to return to London, the center of state business, until his return here is necessitated by a possible course of events.

German Emperor Goes to England

Berlin, Jan. 19.—It is officially announced that owing to the serious illness of Queen Victoria and the consequent departure of Emperor William for England, the grand court reception will not take place as scheduled.

Public Alarmed.

London, Jan. 19.—An official bulletin issued from the Osborne House is so completely contradictory of the intimations previously given to newspaper correspondents, that it is naturally intensified by public alarm. It was accentuated when it became generally known that the prince of Wales had started for Cowes.

Cabinet Considers Queen's Health.

London, Jan. 18.—Inner circles of cabinet met here under presidency of Lord Salisbury. While it was announced the occasion was merely an ordinary meeting of defense committee of ministry there is good reason to believe it was more directly connected with the grave news from Osborne.

Accidentally Killed.

New Orleans, Jan. 18.—T. Gordon Reddy, manager of the Bowie Lumber company and one of the best known young men in the state, was accidentally shot and mortally wounded Friday night in Baton Rouge, in the parlor of a friend by his pistol falling from his overcoat. He was here as a witness in the trial of William Garig for murder in which he was a principal when his friend was killed by Garig.

Treaty With Brazil.

New York, Jan. 18.—A dispatch to the Herald from Rio de Janeiro says the commercial treaty between the United States and Brazil has been finished here.

THE SOUTH'S RESOURCES.

New Industries and Discoveries Being Constantly Brought to the Front.

Baltimore, Jan. 19.—Reviewing the new sources of southern wealth the Manufacturers' Record says that no one may safely predict when the south is not going to reveal a new source of industrial wealth. The bulk of its cotton seed, once regarded as a nuisance, now represents a value of millions of dollars, and all its possibilities have not yet been realized. Uncovering the beds of phosphate in Tennessee has put the fertilizer industry in a new light. Highlands of Missouri, Arkansas and Kentucky are changing the situation in lead and zinc and other ores. Oil discovered a few years ago at Corsicana, Tex., was held as a sample of the underground riches of Texas. This has been emphasized during the past week by a mighty gush of oil at Beaumont flowing from a depth of a 1000 feet at minimum rate of 15,000 barrels a day, a gush which caused a drop of prices for oil in the east and started a train of prospectors and would-be investors from the older fields into the southwest. Much enthusiasm has been excited in Texas by the discovery, and with good reason. Already an export business has begun from the Corsicana field, but the situation of the new field practically right on the gulf coast, may be expected to enable it to command seaboard shipping facilities equalled by no other oil field in the United States.

If the statements about the field should prove correct, and other wells of like character shall follow in the vicinity, it is easy to see that the export business of Texas in cotton, cotton oil, cattle and grain, now centering at Galveston, which has apparently lost none of its prestige as a shipping point because of the recent disaster there, will be vastly increased by the addition of the outward movement of oil from other ports. Texas is constantly showing new potentialities. What the future has in hand for it is a matter of conjecture, though all probabilities point to the opening of an immense mineral storehouse.

NEELEY'S EXTRADITION.

He Will Be Taken to Cuba to Stand Trial for Embezzlement.

New York, Jan. 19.—C. F. W. Neely, who is charged with the embezzlement of funds in Cuba while acting as financial agent of the department of posts of that island, will be taken to Cuba in a few days.

John D. Lindsay, counsel for Neely, who made the legal fight against the extradition of the prisoner, said that no further steps would be taken in Neely's behalf. The mandate of the United States supreme court has been received from the attorney general by the United States district attorney, Burnett. The order will be to forward. After the record has been submitted to the state department extradition papers will be signed by the president.

Reward for Lynchers.

Seattle, Wash., Jan. 19.—The Seattle branch of the International Council of the World, an organization of colored citizens, has decided to offer a reward of \$500 for the apprehension and conviction of each and every person implicated in the death by violence of Fred Alexander at Leavenworth, Kas., on Thursday night. Copies of the resolutions passed will be forwarded to the governor of Kansas, sheriff of Leavenworth county and the chief of police of Leavenworth.

California Town Snowbound.

Redding, Jan. 19.—Wolverville, in the county seat of Trinity county, in the northern part of California, has been snowbound since the latter part of December. Two men have succeeded in reaching here on horseback and report provisions very scarce. John Vashay was frozen to death. Efforts will be made to take in mail and supplies by back trains.

Another Reward for Crowe.

Omaha, Jan. 19.—At a secret meeting of the city council Friday evening it was decided to offer a reward of \$5000 for Pat Crowe, dead or alive, irrespective of the supposition that he may have been concerned in the Cudahy kidnapping. The conditions make no reference to any particular crime. This makes a total price of \$18,000 on Crowe's head.

Wilhelmina's Future Husband.

The Hague, Jan. 19.—Duke Henry of Mecklenburg-Schwerin will arrive here Jan. 30, to attend the festivities preliminary to his marriage to Queen Wilhelmina. As officially announced immediately after the marriage the queen will confer upon him the title of prince and give him high military and naval rank.

Must Proceed Under the Court.

London, Jan. 19.—The petition recently presented for the compulsory winding up of the affairs of the London and Globe Finance corporation, limited, has been withdrawn and the court ordered the voluntary winding up of the company's affairs to proceed under the supervision of the court.

Whole Town Burned.

Ferris, Tex., Jan. 19.—India, a small town about three miles east of here, was destroyed by fire Friday night. John Lacy's store was burned, Hurley & Lacy's general merchandise store, Lassater & Elder's drugstore and Eagle's stock of goods also destroyed.

Senate Eulogizes Gear.

Washington, Jan. 19.—Under special order the senate devoted the greater part of the session today to eulogies upon the late Senator John H. Gear of Iowa, who died in this city last July.
